

Description

Easyroll 100mm Black Rubber Wheel Roller Bearing 50kg is a hardware wheel featuring a steel core, rubber construction, and steel components for the bearing and hub. It provides reliable and smooth rotation using a roller bearing design, ensuring efficient movement and load support. Intended for trade professionals, this product offers practical improvements in manoeuvring equipment in various work settings while delivering consistent performance on both indoor and outdoor surfaces.

Features

- Sturdy steel construction ensures reliable wheel core durability
- Rubber wheel provides improved impact absorption and grip
- Smooth roller bearing delivers consistent motion operation
- Metal hub enhances strength and longevity
- Black and silver design offers professional aesthetics
- Engineered for smooth movements on multiple surfaces
- High load capacity supports up to 50kg per wheel
- Low friction decreases drag and maintains rotational speed

Product Code: Y15R100

Specifications

Bearing Type	Roller Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	50.0
------------------	------

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Core Material	Steel
Wheel Material	Rubber
Bearing Material	Steel
Hub Material	Steel

Dimensions

Tread Width	24
Axle Bore ID (F)	14.5
Wheel Width (C)	31
Wheel Diameter (A)	104

Weights

Product Weight (grams)	387
Product Weight (kg)	0.387
