1G TOGGLE / INTERMEDIATE 3-WAY / CROSS /

ACTION: 3-WAY TOGGLE

KNURL: CROSS

RANGE: LIGHT SWITCHES

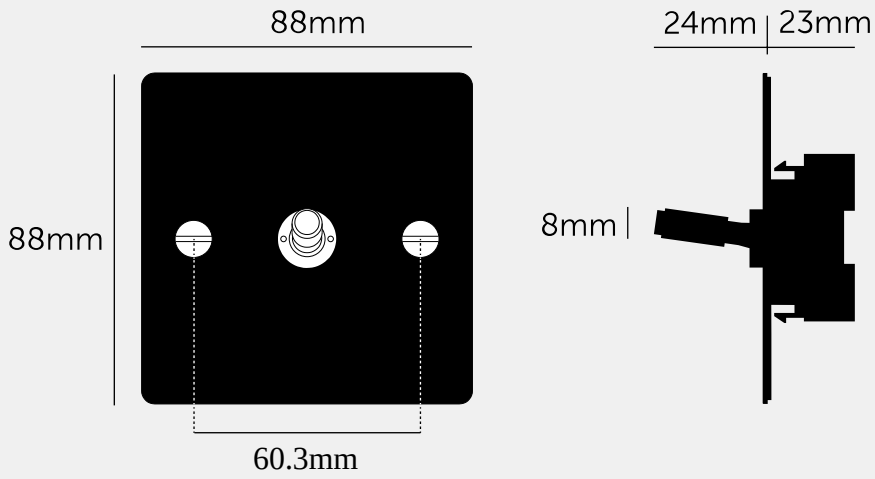

A 1G intermediate toggle switch made from solid metal with a steel finish. It features a brushed solid metal plate, toggle module and a detail kit with our signature cross-knurled toggle arm, solid metal toggle nut and coin screws.

This switch is part of our Custom + Sockets collection, which can be customised in the years to come functionally and aesthetically. Simply switch out the modules, or change the look with one of our detail kits. This piece is delivered with its components in separate boxes.

See tech spec for more information and, if in doubt, always consult a licensed electrician.

SPECIFICATIONS

Solid metal switch plate with 1x intermediate toggle module, in our signature steel finish

Module: GZTM-013292
Style: On/Off Intermediate Toggle Switch
Switching: 3-way
220-250VAC / 10AX / 50Hz
Certification: BS EN 60669

For use with standard 1-way, 2-way and 3-way wiring accessories.
Not compatible with retractive switches and Buster + Punch multipoint dimmers.
Not suitable for motors, fans or any other type of large inductive load. Make sure to consider the inrush current load on the circuit when specifying this module (10AX max.).

Compatible with UK standard 1G electricity back boxes (60.3mm screw spacing). See dimensions of chosen module for required backbox depth. Box must be flush mounted.
