4G TOGGLE / 2-WAY / CROSS / BRASS

ACTION: 2-WAY TOGGLE

KNURL: CROSS

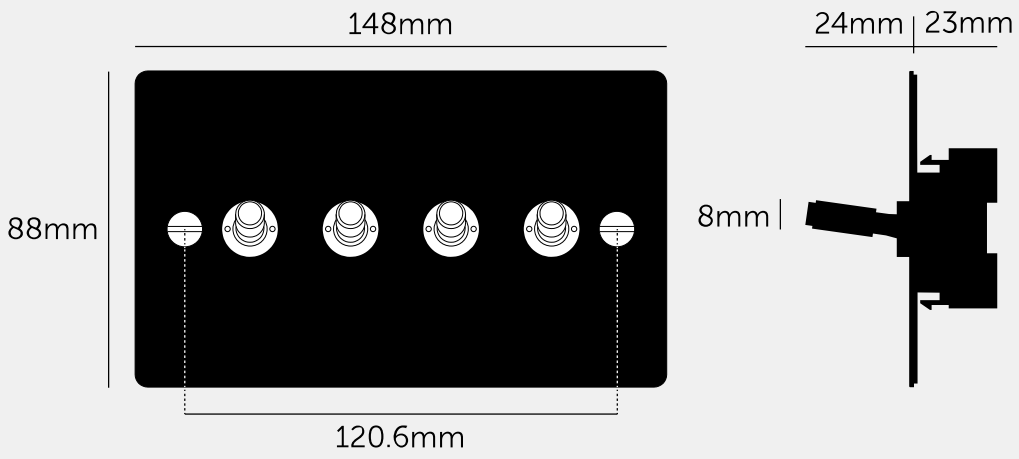

RANGE: LIGHT SWITCHES

A 2G quadruple toggle switch made from solid metal with a brass finish. It features a brushed solid metal plate, four toggle modules and a detail kit with our signature cross-knurled toggle arms, solid metal toggle nuts and coin screws.

This switch is part of our Custom Switches + Sockets collection, which can be customised in the years to come functionally and aesthetically. Simply switch out the modules, or change the look with one of our detail kits. This piece is delivered with its components in separate boxes.

See tech spec for more information and, if in doubt, always consult a licensed electrician.

SPECIFICATIONS

Solid metal switch plate with 4x toggle modules, in our signature brass finish.

Module: GTM-013290
Style: On / Off Toggle Switch
Switching: 2-way (can be controlled from 2 locations)
220-250VAC / 10AX / 50Hz
Certification: BS EN 60669

For use with standard 1-way, 2-way and 3-way wiring accessories.
Compatible with smart home systems that accept standard switch inputs.
Not compatible with retractive switches and Buster + Punch multipoint dimmers.
Not suitable for motors, fans or any other type of large inductive load. Make sure to consider the inrush current load on the circuit when specifying this module (10AX max.).

Compatible with UK standard 2G electricity back boxes (120.6mm screw spacing). See dimensions of chosen module for required backbox depth. Box must be flush mounted.
