Environmental Product Declaration	S-P-02269 (Full EPD available on request)
Material	Twin Walled Fluted Polypropylene
Thickness	3mm
Water Resistant	Yes
Weight	0.3kg (50 Per Pack)

Range

Code	Size
ACODRNCVRNOPRN	120mm x 1000mm

Installation Instructions/Guidelines

- Safely puncture the covers at either end of the covers to create 4 holes to suit the drain openings below.
- Insert the Channel Drain Cover Fixing Pegs (supplied separately) into each hole. The back of the peg should protrude through the back of the cover.
- Insert the protruding peg into the drain opening slot to secure into place.
- Once works are complete simply lift the covers out. They can be cleaned and re-used around the site.

Handling & Storage

- Store in ambient conditions.

Product Disclaimer

The information provided in all product, safety and technical data sheets is to the best of our knowledge correct but not all-inclusive and without warranty and is to be used solely as a guide. Similarly, all technical advice, whether verbal, in writing, or as a result of sample trials, is for guidance and is given in good faith but without warranty, since site conditions, care and skill of application are beyond our control. Protec International Ltd can accept no liability for the performance of our products, or any damage resulting from handling or contact beyond the value of the material supplied. This does not affect your statutory rights.

Every effort to ensure the accuracy of the images of our products has been made, however the accuracy of the colours may differ and vary according to your computer monitor.
