Installation Instructions/Guidelines

- Before applying tape to a finished surface, a trial should be undertaken to test suitability
- We do not recommend applying any tape to veneer surfaces
- Please contact our technical department for specific advice
- Ensure the surface is as clean as possible before applying the tape to create the strongest seal
- Inspect the tape at regular intervals to assess the level of adhesion

Handling & Storage

- Store in ambient conditions.

  Please note the performance of tape varies in extreme temperatures, subzero temperatures may cause lack of adhesion and high temperatures may cause adhesive residue to be left on the surface once the tape is removed.
