

FR Vented Debris Netting

FR Vented Debris Netting can be quickly and easily fixed to scaffolding & Heras fencing for an FR debris solution.

Features & Benefits

- Efficient protection from injury caused by falling debris or objects and for Heras fencing screening.
- Three times stronger than traditional scaffold netting.
- Reduces wind loadings to control excessive stress on scaffolding.
- 2m x 50m Roll

Applications

Featuring reinforced attachment points along the edges, this product offers a very simple and quick installation process. Use high quality ratchet ties and get a safe and secure scaffold structure, throughout the whole project.
