

Masking Tape

Our premium grade, paper wide Masking Tape is the go-to solution for both home and commercial applications, ideal for masking non-sensitive or non-highly finished surfaces.

This versatile tape is easy to tear and work with, making it a cost-effective choice for any project.

Please note that tape performance can vary in extreme temperatures; for example, sub-zero or freezing conditions may lead to a lack of adhesion, while extremely high temperatures can result in adhesive residue being left on the surface.

Before applying the tape to finished surfaces, we recommend conducting a trial to ensure suitability. For specific advice, feel free to contact our technical staff.

We advise against applying tape to veneer doors and suggest using our protective Door Sleeves for such applications.

If you would like samples of any of our adhesive tapes, please call us at 0800 834 704.

Features & Benefits

- Premium grade materials for enhanced results.
- Perfect for masking skirting boards while painting for crisp edges.
- Efficient at masking non-sensitive or non-highly finished surfaces.

Product Specification

Adhesion to Steel Plate	>3N/cm
Colour	Natural
Elongation at Break	>3%
Material	Crepe Paper with white synthetic rubber resin adhesive
Tensile Strength	>37N/cm
Weight Per Roll	0.22kg

Range

Code	Size
MASKINGTAPE50MM	50mm x 50m

Installation Instructions/Guidelines

- Before applying tape to a finished surface, a trial should be undertaken to test suitability
- Please contact our technical department for specific advice

Handling & Storage

- Store in ambient conditions. Please note the performance of tape varies in extreme temperatures, sub-zero temperatures may cause lack of adhesion and high temperatures may cause adhesive residue to be left on the surface once the tape is removed.

- Easy to tear and versatile to work with.
- 50mm x 50m Roll
