

Proplex Flame Retardant Translucent

Flame retardant (LPS 1207), twin wall, impact resistant sheets can be used to protect most finishes including floors, walls, doors, windows and worktops. Available in several thicknesses and weights which can be selected based on site traffic and project duration.

These polypropylene sheets can be cut, curved or creased to fit any surface, offering complete surface protection for worktops, doors, stairs, walls and floors. Lightweight and extremely strong, the black recycled corrugated plastic sheets are tear, puncture and impact-resistant so can easily be reused.

Features & Benefits

- Flame Retardant certified to LPS1207 approved by LPCB.
- Effective protection for floors, doors, walls, and worktops.
- 2.4m x 1.2m
- Easy to cut, crease and bend.
- Easy to trim to size without creating harmful dust.

Product Disclaimer

The information provided in all product, safety and technical data sheets is to the best of our knowledge correct but not all-inclusive and without warranty and is to be used solely as a guide. Similarly, all technical advice, whether verbal, in writing, or as a result of sample trials, is for guidance and is given in good faith but without warranty, since site conditions, care and skill of application are beyond our control. Protec International Ltd can accept no liability for the performance of our products, or any damage resulting from handling or contact beyond the value of the material supplied. This does not affect your statutory rights.
