|                                   |   |
|-----------------------------------|---|
| Colour                            | White                                     |
| Environmental Product Declaration | S-P-02268 (Full EPD available on request) |
| Material                          | Flame Retardant Polypropylene             |
| Weight (g/m2)                     | 4mm 800gsm                                |

## Range

| Code             | Size                 |
|------------------|----------------------|
| FRSTAIRPROTECTOR | 200mm x 150mm x 1.2m |

## Installation Instructions/Guidelines

- Fold down the score line to create a right-angle profile
- Secure with suitable adhesive tape, contact our technical team for specific advice
- Before applying tape to a finished surface, a trial should be undertaken to test suitability
- Install two strips of Anti-Slip Tape down the tread for additional slip resistance
- Regularly check the tape to ensure the protection is secure

## Features & Benefits

- Flame retardant for compliance and safety on site.
- Compression and impact resistant.
- Lightweight and hardwearing
- Easy to trim to size

## Product Disclaimer

The information provided in all product, safety and technical data sheets is to the best of our knowledge correct but not all-inclusive and without warranty and is to be used solely as a guide. Similarly, all technical advice, whether verbal, in writing, or as a result of sample trials, is for guidance and is given in good faith but without warranty, since site conditions, care and skill of application are beyond our control. Protec International Ltd can accept no liability for the performance of our products, or any damage resulting from handling or contact beyond the value of the material supplied. This does not affect your statutory rights.

Every effort to ensure the accuracy of the images of our products has been made, however the accuracy of the colours may differ and vary according to your computer monitor.
