Natural Iron

H: 16 IN

Classic and contemporary, the Hazel makes a subtle yet sophisticated statement in a space. Fluted clear seeded glass is cut at an angle for an unexpected update to its simple form, while an antique brass backplate stairsteps its way up to a solid natural iron band that centers this piece. Perfect for a powder room. Hang vertically for a more traditional look or horizontally over a powder room mirror. Finish will vary. Certified for damp locations and intended for interior use.
