DANIEL ETAGERE

Bronze, Iron

Inspired by the black lines that denote paintings created by Piet Mondrian—a pioneer of abstract art—this étagère plays with space and scale. Framed in iron with a bronze finish this multi-tiered unit features four glass shelves that appear to float within the open construction—delivering an airiness to its classic grandeur. A single mirrored shelf resides at the bottom reflecting and refracting light. A great piece to showcase your prized possessions in full form. Finish may vary.
