

JULIUS SCONCE

49106  
 White Alabaster  
 H: 19 IN  
 W: 6 IN  
 D: 4 IN

The Julius is a classically-modern design showcasing a capsule-shaped white alabaster foundation, met with an antique brass steel bracket perfectly centered. The texture of the natural stone is put on display when illuminated by the soft glow from two lights. Hanging hardware allows for vertical or horizontal display. Alabaster will vary. Certified for damp locations and intended for interior use.
