

ARTERIO RS

SIMBA SCONCE

49246
Antique Brass, Steel

At first, you might think this is merely a modernist wall sculpture—but look again. Switch on the light to reveal its hidden LED light fixture, which is concealed in the linear design. It shines against the wall to reflect ambient light back into the space. The steel sconce is completely finished in antique brass, to grace any space with a hint of modern luxury. This sconce would look great mounted along a hallway or flanking a fantastic piece of art.
