

MONROE SCONCE

49836
 English Bronze
 H: 18.5 IN
 W: 5 IN
 D: 5.5 IN

Visual elegance is established through the Bauhaus-Constructivist design of the Monroe. An English bronze iron bracket centers a frosted crystal panel like a stylish band of armor. Two LED lights are neatly concealed by the frosted crystal that helps dissipate the brightness and offers a soft glow. Finish will vary. Certified for damp locations and intended for interior use.
