

HARRINGTON BAR STOOL

5633
 Moth Gray, Stained
 Rattan
 H: 37 IN
 W: 20 IN
 D: 20 IN

Organic materials and handcrafted construction rise to the occasion to complete the natural presentation of this bar stool. Crafted entirely of rattan, the Harrington features a hand-woven seat styled in the traditional cane pattern and a frame wrapped in rattan peels. A moth gray finish refines its rustic aesthetic and enhances its natural characteristics. With no arms and a slightly curved back, this stool easily slides under any counter or bar top. Finish will vary.
