Whitewash Stained
Wood, White
H: 45 IN
Dia: 43.0 IN

Take what you know about traditional starburst design and leave it behind. The Finch explores a more organic approach to lighting with its foundation of unconforming branches in a white wash finish that surround the concealed white steel frame. Each of the eight lights seemingly blend into the structure until they bring it to life when in use. finish will vary. Also available in natural (89560). Due to the organic nature of the wood used to create this piece, each piece will vary in size and shape. The wooden sticks will eventually crack and is an inherent feature of solid wood of this proportion.
