

VALEN ICE BUCKET

ARI02
 Dove Gray
 H: 11.5 IN
 Dia: 9.0 IN

We introduce a luxe take on the traditional ice bucket. The Valen is imagined in channeled dove leather and adorned with antique brass, which forms the lid and plinth. The receptacle is further embellished with a white marble finial. The striking bar companion features a stainless-steel liner, making it watertight, and comes with matching leather and stainless tongs. Finishes will vary.
