

INESSA FLUSH MOUNT

DF111  
 Vintage Brass  
 H: 14.5 IN  
 Dia: 24.0 IN

Like flower buds blooming in spring, delicately hand-formed petals of vintage brass unfold to bounce and reflect light. Each of the shades are grooved and etched for texture, then mounted on a matching base. Can be used as both a flush mount and a sconce. Certified for damp locations and intended for interior use. Finish will vary.
