

ARTERIO RS

TOWNE CHANDELIER

DLC07

Clear Seedy, Glass

With a dynamic, mobile-style design, the Towne chandelier is created of alternating, up-and-down-facing discs of clear seedy slump glass and opaque opal glass shades. The clever composition results in a reflector effect, allowing light to dance across a space. The largescale illuminator fits tight to the ceiling, with a linear construction in an antique brass finish. Finish will vary. Certified for damp locations and intended for interior use.
