

FINCH CHANDELIER

DLS01
Dark Gray Wash
H: 45 IN
Dia: 43.0 IN

An organic take on the classic starburst design, the Finch chandelier features dark gray-washed branches growing from a concealed black iron frame. Each of the eight lights seemingly blend into the structure until they bring it to life when lit, casting beautiful shadows across a space. Due to the nature of the wood, each piece will vary in size, shape, and finish. The wooden sticks will crack over time; this is an inherent feature of solid wood of this proportion.
