

TIRSO PENDANT

DPC07
Opal
H: 31.5 IN
Dia: 14.0 IN

Striking in its simplicity, the Tirso exudes Mid-Century style. The integrated LED pendant is created with a globe shade in opal glass, which emits a soft glow. A pipe suspension, in English bronze steel with knurled detailing, creates a piercing effect. The fixture is fitted with a disc canopy, also in English bronze. Certified for damp locations and intended for interior use.
