

TORI PENDANT

DPI02
Dove
H: 30 IN
Dia: 15.5 IN

In a style inspired by Medieval ironwork, the Tori pendant adds strapping appeal—from castle to cottage. The caged, cone pendant is clad in dove gray leather and forged in blackened iron, with a construction that intentionally exposes the connection points. The fixture is fitted with a suspension pipe and canopy, also in blackened iron. Certified for damp locations and intended for interior use.
