

WESTCLIFF SCONCE

DWC18
 White Gesso
 H: 10 IN
 W: 9.5 IN
 D: 10.5 IN

A high-contrast mix of materials dresses up the Westcliff sconce and lends modern elegance to its surroundings. The sleek, Mid-Century-inspired torchiere is created in a framework of blackened iron, with ribbed clamp detailing and a round backplate. Graceful, tulip-shaped shades in white gesso direct light upwards. Finish will vary. Certified for damp locations and intended for interior use.
