

ARTERIO RS

FRESNO SCONCE

DWC46
Swirl, Glass

A three-dimensional oval of matte swirl glass is held by white leather-wrapped supports. Inspired by the prong setting on a pearl earring, the fixture's smoothness contrasts perfectly with the tactile leather. Placed on a base of antique brass-plated steel with ridged details, this single LED fixture is ideal for placement along a hallway or long wall. Certified for damp locations and intended for interior use. Finish will vary.
