

FLEMMING SCONCE

DWC52  
Swirl  
H: 20 IN  
W: 6 IN  
D: 6 IN

Equestrian-inspired stirrups of English bronze-plated steel highlight the pendant setting of this elegant sconce. A capsule-shaped fixture of matte swirl glass is mounted on a backplate of antique brass-plated steel, with ridged details adding textural interest. Certified for damp locations and intended for interior use. Finish will vary.
