

DONOVAN SETTEE

FT101
 Slate Grey Suede
 H: 27.5 IN
 W: 62.5 IN
 D: 26.5 IN

Masculine and modernist, the simple lines of this settee form an intriguing counterpoint to its luxe materiality. Stitching details on upholstered panels of slate grey suede align with the seat to add visual depth. Accented at each arm with antique brass "elbow patches" for contrast and durability. Suede will vary.
