

TYSON LAMP

PDC04
English Bronze, Steel
W: 13 IN
D: 8 IN

Our pharmacy-style Tyson table lamp makes a handsome addition in any library or living space. The task lamp is crafted with a pivoting, triangular shade that is clad in charcoal leather and lined in a white lacquer finish. Leather is featured again, tightly wrapping the antique brass steel post and the rectangular base, creating texture and visual interest. A slice of charcoal marble forms the lamp's rectangular bronze-finished base. Finish will vary.
