

VERNON LAMP

PDC08-SH009
 Antique Brass, Iron
 H: 22.5 IN
 W: 16.5 IN
 D: 12 IN

Loaded with visual impact, the pharmacy-style Vernon table lamp is fashioned with a softly angled arm detailed with a contrasting black cloth cord that threads in and out of the antique brass iron arm, creating a loose stitching effect. The arm is fixed to a circular, black marble base punctuated with a rounded iron cap detail in English bronze. A tapered white linen shade completes the lamp. Marble will vary.
