

AEGON LAMP

PTC12-690  
 Ocean Reactive,  
 Ceramic  
 H: 31 IN  
 Dia: 19.0 IN

Sculpted to recall organic forms, the Aegon makes a hand-crafted statement. "Leaves" of ceramic inspired by an artichoke are set in a reactive glaze in shades from the ocean depths, culminating in an antique brass finished support and ivory microfiber shade lined in off-white cotton. Matching ceramic finial, clear silver cord, and three-way rotary switch. Finish will vary.
