

YUKON LAMP

PTS09-SH026
 German Smear
 Graphite, Terracotta
 H: 29 IN
 Dia: 22.0 IN

Distressed to recall an ancient artifact, this overscale urn has a timeless appeal. Sculpted in terracotta and finished in German smear graphite, its distressed finish makes each singular style unique. Dark antique brass hardware and a matching terracotta finial complement the artisanal form. Finished with an off-white linen shade, clear silver cord and on/off rotary switch. Finish will vary.
