

## EFFIE PLAQUE

WPI04  
Antique Brass  
H: 35 IN  
W: 21 IN

The free-flowing loops and curves of an artist's brushstroke inform the Effie plaque. Cast in antique brass with multiple cutouts, the repeating patterns and rippling texture add a dimensional look to any wall. It can be hung both horizontally and vertically or displayed in multiples for extra impact. A sawtooth cleat attachment assures secure hanging. Finish will vary.
