HPPO-07MG-A

B-HP RCBO ready ASHP IP65 Consumer Unit

7 Way IP65 Main Switch Consumer Unit pre-fitted with Type A RCBOs & T2 Surge

7 Way PRO IP65 Consumer Unit pre-populated with 100A Main Switch, B6 & 20A Unswitched Neutral Type A RCBOs and T2 SPD, with provision for fitting a B-HP RCBO and up to 4 additonal RCBOs.

- Designed for use with the single module B-HP RCBO for use within ASHP Installations with inverter-driven compressors operating at frequencies up to 20kHz and above with a minimum tripping point of 150mA above 1kHz
- Prefitted with 6A and 20A B curve Type A RCBOs for ASHP Controls and Immersion Heater final circuits
- IP65 diecast alluminium enclosure suitable for external applications.
- 100A Main Switch with dual screw terminals provide secure termination of incoming tails
- Built-in Type 2 Surge Protection Device (SPD) safeguards sensitive electronics from transient voltage spikes.

TECHNICAL DATA

Product Dimensions (HWD)	264 x 240 x 105 mm	**Barcode**	5026992058589
Product Net Weight (kg)	4.43 kg	**WEEE Category**	9
Warranty	2 years	**Country of Origin**	CN
