

Can detect a number of combinations

Can be configured according to preference

Maximises energy savings

Lentus

Microwave & Daylight harvesting sensor to save energy and cost

Features

IP rating	IP65
Sensor Option	Microwave & Daylight Harvesting

Installation Information

Input	220-240V AC
Maximum Ambient Temperature	-35°C - 55°C
Weight	180g
Inrush Current	50A 0.5ms 80A 0.2ms
Construction Material	Plastic
UK Bathroom Zone	N/A
Install Connector Type	Flying lead
Connection Output	Flying Lead

Guarantee

Warranty	5 years (extended)
----------	--------------------

Photometrics @ 25°C

Product Code	Finish
LBASDHS	White

Wiring Information

Cable / Flying Lead	800mm 5x1mm ²
Type of Wiring Required	Parallel

Accessories

Low Bay Range	Lentus Low Bay	Sold Separately

Features & benefits

- Lighting will only turn on when it detects movement
- Customised the dimming level and enable/disable the daylight sensor
- Change the detection area on where movement is detected, along with hold time where the time period of light remains on at 100% brightness, if no further movement is detected
