LED Strip Controller and Receiver

Part of the Smart Lighting product category

Ansell LIGHTING

Model	OCTO 5 Channel RGBTW Controller 12V-24V-48V
Code	AOCTO/12-24-48V/RGBTW
Application	Commercial, Hospitality, Retail

GENERAL INFORMATION

Input	12/24V
Operating Temp	-10°C - 60°C

MATERIAL INFORMATION

Product Weight without Packaging	0.07 kg
Colour / Finish	Black
Height	21 mm

TECHNICAL INFORMATION

Internal / External	Internal
Surface / Recessed / Suspended	Ceiling, Surface

PRODUCT FEATURES

- Seamlessly control your lighting via Bluetooth using the free CASAMBI app, available on both the Apple App Store and Google Play Store.

- Easily create lighting scenes, animations, timers, and daylight-responsive behaviors for enhanced customisation.

- Supports a wide range of constant voltage power supplies at 12 Vdc, 24 Vdc, or 48 Vdc, providing compatibility with various low-voltage lighting systems.

- Designed to control a broad spectrum of LED types including White, Monocolor, Dynamic White, making it ideal for diverse lighting applications.

- In addition to app-based operation, local control is enabled through two normally open push buttons, offering user-friendly manual override functionality when needed.
