PRODUCT FEATURES

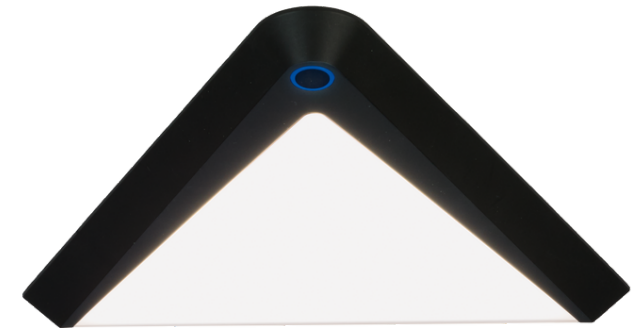

- Sleek and modern undercabinet lighting range suitable for kitchen cabinets, wardrobes, and other residential cabinetry.
- Low voltage (12V) system for safe and efficient operation.
- Innovative wave sensor control allows touch-free on/off activation and dimming with a simple hand gesture.
- The kit includes 3 lights; a driver, and a 4-way splitter to power all units. A single fitting (sold separately) can be added using the included splitter to create a 4-light set up.
- Simple plug-and-play system, with each light featuring a 1.5m lead into the splitter, which then plugs in to the driver. Single lights are extensiononly and must be used with a compatible kit.
