Category	Track Lighting
Application	Ancillary, Hospitality, Residential, Retail
Specification	Architectural

- Creating a more focused and intense light, this reflector is perfect for use in galleries and
  museums where a narrow beam is required to create a focal point to highlight artwork or
  sculptures.
- The 70° reflector can be used in track lighting solutions where a large space needs to be filled with light. This size reflector is suitable for large retail spaces and commercial premises as it creates a large amount of light whilst reducing shadows.
