U-Cell Ultra Long LED Strip

U-Cell 48V 4.8W IP20 White 4000K 50m
Code: U/48/01/20/01/40/S05/01

Category	LED Strip
Application	Hospitality, Residential, Retail
Specification	Performance
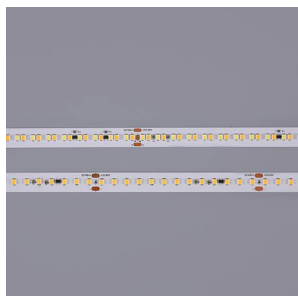

- U-CELL Ultra long LED strip suitable for residential (external), hospitality, retail and commercial applications
- Up to 50M can be run from a single power supply, great for external applications when suitable power supply locations are few and far between
- Fast fit plug and play connections remove the need for time consuming soldering of joints
- Joint and connection accessories sold separately

- Low 48V input offers great reliability and safety for outdoor installations, as well as uniform brightness from the beginning to the end of each run
- Available in IP20, IP65 and IP67 ratings, and in drums up to 50M ensuring suitability for any long length internal or external application
- Large strip pack sizes and multiple connector packs offers great time saving and ease when working on a large scale project
- 130
