

# U-Cell Ultra Long LED Strip

U-Cell 48V 4.8W IP67 White 6500K 30m

Code: U/48/01/67/01/65/S03/01

|               |                                  |
|---------------|----------------------------------|
| Category      | LED Strip                        |
| Application   | Hospitality, Residential, Retail |
| Specification | Performance                      |

- U-CELL Ultra long LED strip suitable for residential (external), hospitality, retail and commercial applications
- Up to 50M can be run from a single power supply, great for external applications when suitable power supply locations are few and far between
- Fast fit plug and play connections remove the need for time consuming soldering of joints
- Joint and connection accessories sold separately
- Low 48V input offers great reliability and safety for outdoor installations, as well as uniform brightness from the beginning to the end of each run
- Available in IP20, IP65 and IP67 ratings, and in drums up to 50M ensuring suitability for any long length internal or external application
- Large strip pack sizes and multiple connector packs offers great time saving and ease when working on a large scale project
- 130
