

## Plinth Heater

Plinth Fan Heater 2KW with RF thermostat and remote control

### DESCRIPTION

The plinth electric heater is an ideal solution for compact areas. It features 2 heat settings and adjustable wall mounted thermostat that can wirelessly control the plinth heater. A handy remote control and manual switch on the front of the plinth heater allows for manual control.

### FEATURES

- 2 heat settings 2KW and 1KW, and fan only
- Programmable mains powered RF thermostat included
- Thermostat operation includes automatic, manual and two weekly period settings with 3 on/off periods per day
- Wireless pairing between wall thermostat and control module
- Hand held remote control for quick and easy control
- Open window and frost protection when used with the thermostat
- Fitted with 1.5m cable to RF receiver
- Optional brown and white Fascias included
