

TI-SHELF DRG

Triangular Corner Shelf With Legs Of Equal Length

MATERIAL

Stainless steel V2A/304 is particularly suitable for applications subject to high mechanical stress and for applications with particularly high requirements for cleanliness, hygiene and chemical resistance. Contact with products containing hydrochloric acid should be avoided. Even with stainless steel, flash rust may occur depending on the environmental conditions, which should be removed immediately.

The suitability for mechanical and chemical loads must always be checked in each individual case.

CARE

Stainless steel V2A/304 does not require any special care. If necessary, it can be cleaned simply with clear, clean water and a few drops of washing-up liquid. Then wipe dry. Acidic and abrasive cleaning agents should be avoided. Flash rust can be removed with commercially available polishes suitable for stainless steel.

PROCESSING

1. Laying the TI-SHELF shelves as part of the tile laying process:
Place TI-SHELF on the upper edge of the lower tile and embed it firmly in the tile adhesive.
2. Notch the next tile to fit and insert it.
3. Work the tile cut to size into the TI-SHELF using mounting adhesive. Ensure a slight gradient.
4. Seal the wall connection with silicon. The joint at the front edge can be finished with a flexible joint.

Protect visible surfaces from contact with tile adhesive or grout and clean immediately with a cloth and clear water if necessary. Then rub dry.

The generally accepted rules of technology and tiling must be observed. Suitability for use with mechanical and chemical resistance must always be checked in each individual case.

Please note: For technical reasons, tolerances in color effects of the materials and print are possible.
All information is based on the best of our knowledge and belief. No guarantee can be derived from this.
We reserve the right to any technical changes if they are in the interest of progress or if they are production-related.

TECHNICAL DIMENSIONS AND PRODUCT VARIANTS

Material	[Stainless Steel (304)]
Surface	[brushed]
Colour	natural
Height	12.5 mm
dimension	240 x 170 x 12,5 mm, 273 x 195 x 12,5 mm, 310 x 220 x 12,5 mm, 345 x 245 x 12,5 mm, 380 x 270 x 12,5 mm

PRODUCT VARIANTS

Ident	Height	Surface	Colour
TS DRG 1724	12.5 mm	brushed	natural
TS DRG 1927	12.5 mm	brushed	natural
TS DRG 2434	12.5 mm	brushed	natural
TS DRG 2738	12.5 mm	brushed	natural
TS DRG 2231	12.5 mm	brushed	

Please note: For technical reasons, tolerances in color effects of the materials and print are possible. All information is based on the best of our knowledge and belief.
