

GLS Dusk to Dawn

A10.5-BC27/DS A10.5-BC27/DS

GLS Dusk to Dawn 10.5W BC (B22) 2700K, Sensor

- Integrated daylight sensor that only detects natural light (not LED light)
- Replacement for incandescent GLS lamps
- Save energy by up to 90%

Overview

The Kosnic LED GLS has an integrated daylight sensor that only detects natural light, ensuring any LED light around will not affect the lamp. The lamps are a quick and easy replacement for all incandescent GLS lamps and will be the perfect addition to any environment.
