## Overview

The Kosnic Plug-in Motion Sensor is designed to work with a range of luminaires, adding daylight sensing and motion control. Compact design with the 4-pin connector and dip-switch settings configuration for sensitivity and hold time, stand-by period and dim level is as simple as ever.

## General Information

Materials	Housing polycarbonate
Installation Area	Internal and External

# Congo Microwave Sensor

**Kosnic**

MWS-DCA MWS-DCA

## Microwave corridor sensor MC087D RC 12V PWM

- T8 non-corrosive LED replacement
- Optional emergency module
- Switchable CCT (3000/4000/6000K)
- Optional microwave motion and daylight sensor with corridor dimming
- Durable and rugged IK10 polycarbonate construction
- DALI 2, 1-10V (0-10V) & PUSH button option available
- Suitable for through-wiring
- Opal diffuser

## Technical Summary
