Universal Emergency Module 3W

- Loop-in loop-out push-wire terminals
- Easy Plug & Play installation and battery replacement
- Designed for use with all LED luminaires (class III) with external driver
- For maintained or non-maintained emergency lighting systems
- Internal Li-ion battery with improved lifespan

Overview

The 3W Universal Emergency Module (UEM03) is suitable for class III luminaires. This gives a typical power output of 3W but will depend on the characteristics of the luminaire.
